Raouf Addeche

AI Engineer | GenAI Engineer

Generative AI Engineer specializing in AI agents, conversational systems and workflow automation. Passionate about building practical AI solutions that address real business challenges and deliver measurable impact.

Skills

Programming Languages

Python | SQL | Bash

Machine Learning

Scikit-learn | PyTorch

Generative AI & Agents

LangChain | LangGraph | MCP | Prompt Engineering | LLMs

Backend Development

FastAPI | Django | REST APIs | SQLAlchemy | WebSockets

Cloud & DevOps

AWS | Docker | Git | Prometheus | Grafana | Terraform

Conversational AI

Twilio | Deepgram | Cartesia

Data Engineering & Databases

Pandas | NumPy | PostgreSQL | MySQL | MongoDB | PySpark

Frontend

React | Tailwind | Streamlit

Analytics Tools

Scrapy | Power BI

Experience

Midas / Mobivia - AI Engineer

Sep 2025 – Present

Developer Productivity & AI Enablement

- Built AI-powered documentation agents to support legacy VB.NET to Angular/C# migration projects.
- Designed AI workflows leveraging GitHub Copilot and Claude Code to improve developer productivity.
- Developed an internal MCP connected to business APIs to enrich AI-assisted workflows.

AI Support Assistant

- Developed an AI-powered support assistant for FreshService ticket triage and resolution.
- Implemented semantic search over historical tickets using embeddings.
- Integrated MCP servers connected to FreshService, GitLab, Git and local codebases.

Internal AI Tooling

- Built an automated code quality validation system executed before Merge Requests.

Real-Time AI Voicebot

- Designed and deployed a real-time AI voicebot handling missed customer calls.
- Implemented customer qualification workflows and automated information collection.
- Built on AWS, Twilio, Deepgram, Cartesia and Claude Sonnet via AWS Bedrock.
- Deployed on pilot centers with a roadmap toward large-scale deployment.

Customer Relations & Business Consulting

2017-2024

- Business-to-business and business-to-consumer customer consulting.
- Requirements gathering and stakeholder communication.
- Companies: Orange, Engie, Sowe (EDF), Regicom.
